Lawyer Monthly 2018 Women in Law Awards

Lawyer Monthly is pleased to announce the publication of the 2018 Women in Law Awards.

It is commonly known that the legal sector is not without its challenges regarding gender inequality. With the legal profession traditionally being male dominated, our female lawyers often comment on the struggles they face when trying to crack the industry.

The Lawyer Monthly Women in Law Awards celebrate and highlight the achievements of women in the legal profession across the globe.

As a result of several months of research and preparation, the Lawyer Monthly Women in Law Awards reward female legal experts that have overcome challenges and influenced the wider legal profession in their jurisdiction. The winners include all areas of the legal profession, from high achieving junior associates, to long serving barristers.

Each vote was compared against a strict set of measurable criteria in order to produce a list of finalists and the eventual winners. We would like to take this opportunity to congratulate our winners and finalists, and thank everyone who voted.
